PRESS NOTICE

**REQUEST FOR PROPOSALS
(RFP 07-2023/2024)**

**Development and Operation (design, build, finance, manage,
maintain and operate of a Modern Urban Terminal at Vacoas**

Project Description

The implementation of the Metro Express Project has given rise to opportunities for the redevelopment of a strategic area in the town centre into a modern urban terminal.

As a major transport interchange at this most strategic part of the town centre, the Vacoas Urban Terminal is expected to be an iconic building, accommodating a mixed-use development. This project would contribute to the revitalization of the town centre, enhance the town centre image and identity by introducing high standards of building design and improvements to the public realm, facilities for pedestrians, cyclists and persons with disabilities thus enabling a more efficient use of state lands, seamless public transport and facilities and highway infrastructure.

The Government of the Republic of Mauritius wishes to induce active private sector participation and mobilise private investment in national infrastructure development projects with a view to modernising the economy and fueling creation of employment while promoting social integration in the mainstream economy.

In this connection and on behalf of the Government of the Republic of Mauritius, the Ministry of Local Government and Disaster Risk Management is inviting proposals from promoters having the necessary experience, expertise and resources for the development and operation of a modern Urban Terminal at Vacoas.

The Government will put at the disposal of the selected promoter land on lease on such terms and conditions as defined in the Request for Proposals document.

However, the Government of the Republic of Mauritius will not participate, either directly or indirectly, in the funding or financing of the project at any part or stage of the development apart from the incentives detailed in the Request for Proposal (RFP).

Submission of Proposals and Closing Date

The Request for Proposals document may be downloaded free of charge from the public procurement website: publicprocurement.govmu.org

Prospective Applicants may submit their proposals either on their won or jointly with other firms or parties. The nature of any existing or intended partnership or joint venture arrangement/consortium shall be specified at the time of submitting the proposal, and a letter or agreement or intent signed by all participating parties in the partnership or joint venture, under the seal of an attorney, shall be submitted together with the promoter's proposal.

Applications in English language and clearly marked **"Request for Proposals for Development and Operation (design, build, finance, manage, maintain and operate of a Modern Urban terminal at Vacoas"** should be deposited in the **Bid Box, in original plus 2 copies at the following address on or before Tuesday 14 May 2024 by 14hr00 (local time) at latest:**

6. The audit shall include but not be restricted to the review of adopted Construction procedures, workmanship of the works, sequencing of various construction operations, contractors' work plans, contractors' work practices, storing, consumption procedures, material testing, documentation system – to ensure sound and effective techniques are being employed.
7. The experts shall review the calibration certificates of relevant testing and surveying equipment used by the contractor and Project Team in carrying quality assurance and control. Wherever feasible, the experts may conduct the calibrations checks on this equipment.
8. The experts shall endeavour to identify all non-conformances including those previously identified by the contractor and/or the Project Team.
9. The experts shall review quality assurance system adopted by the contractors and the Engineer for its effectiveness.
10. Preparation of Independent Audit Reports, covering all building and civil works done till the date of audit while the subsequent audit reports shall cover works carried out since the previous audit. The subsequent audit report must also include a review and status of remedial and corrective actions taken by the contractor/Project Team on all non-conformances observed during the previous audit.
11. The experts shall review and prepare a Status Report of the remedial and corrective

actions taken by the Contractors/Engineer on all non-conformances reported during the first audit.

12. Submission of the Quality Audit Report the Group Chief Executive Officer. Experts may also be required to attend any Board meeting to debrief the directors.

D. Employer's Obligation

Employer shall provide the following to the Experts:

1. Access to the project sites including offices of Project Team and contractors, laboratories, and project documentations required to perform the audits.
2. Contract Documents between Employer and the Construction Contractor(s) for the projects.
3. Approved Quality Assurance documents, submitted by the Construction Contractor.
4. Provide an Action Taken Report by the Project Team/Contractor within one month of the submission of the audit reports.
5. A copy of all Request For Inspection (RFI) being issued after the appointment through the Engineer to enable participation.
6. Availability of contractors' / Project Team and the Employer's representative during Audit at site.

E. Duration of the assignment

The duration of the assignment will be for a period of 12 months.
